[ 'Bavuma wins it with an authoritative boundary. Pumps his fist and lets our a roar because South Africa have come back from 0-1 down to win the series 2-1. Tossed up on off, he walked across and shovelled it to the square leg boundary. Fully in control of that shot. Wanted to end it in style and did it.', "sloppy cricket, and four overthrows. Length ball outside off, he was on the front foot and pushes it softly to point. Umesh charges in and lets fly a throw at the batter's end. Not a bad decision, there was a slight chance of a run out due to a quick single. No one backing up though and the ball goes for four", 'fuller, jams his bat down to defend into the legside', 'fuller on off, defended', 'fuller outside off, and he comes on the front foot, check-drives it through extra cover. Ashwin's left a gap there to get him driving against the turn", 'flicked off the pads, pings off Mayank at short leg who was taking evasive action', 'fired down the legside, left alone', "flighted on the stumps, defended. But he's over-stepped", "width outside off and he flays that through point, it's only a half-stop so they'll get two. Not given and Kohli reviews. If there was no inside edge on that, it looked very close indeed. He's not very far forward, prodding from the crease, the ball jags past the bat, clear gap between bat and ball. It's umpire's call on clipping the wickets. So Rassie survives. Great piece of bowling by Shardul. Beat him on the inside edge, and it looked really close in real-time. This is a bouncy pitch though, and the bounce would have had it only clipping the top of the stumps as per HawkEye.", "back of a length but well clear of off stump, he's not getting anywhere near that", 'a bit full, he brings out the sweep, connects well, to deep square leg', 'shuffling across, plays it towards short leg, along the ground', 'slightly short, goes right back, plays with the turn to clip through backward square leg', 'more flight on that one, loops and dips, stops a bit and defeats his intended flick', 'skids on from a good length outside off, defended', 'good length outside off turning in, punched to point', 'back of a length outside off again, left alone again', 'back of a length in the channel, left alone', 'too full and on the pads, clipped nicely but Umesh at midwicket does well to dive to his right and stop it going further', 'fuller and into him, clipped to midwicket and they have a cross for a quick single', 'good length on off, shuffles across and nudges towards square leg', 'inside edge but it misses the stumps. Poking at this outside off, gets the inside edge that goes onto thigh pad and runs past leg stump.', 'brutal elegance from Temba. A touch too full from Bumrah and Temba gets a big stride forward to cream a cover drive. Full flow of bat, high elbow, but not textbook perfection with an extra flourish.', 'back of a length outside off, coming in a touch but easily enough to leave alone', 'back of a length coming into him, goes on the back foot and defends a chest high ball', 'lovely shot. Rises up on his toes to punch this back of length ball through point with sublime timing', "fuller length angling into him, nudged to square leg. RvD looking for a run is sent back and the fielder scores a direct hit. But he's got his bat back inside the crease, well inside. The ricochet allows them a run", 'back of a length well outside off, left alone', 'full on off, solidly defended', 'back of a length angling in, but not enough to threaten off stump so he lets it pass', 'full outside off, comes on the front foot to solidly defend to cover', 'full ball into him, clipped nicely off his toes but straight to midwicket', 'back of a length on a seventh stump line, left alone', 'back of a length outside off, punched to cover', 'good length nipping into him, tucked to midwicket', 'awkward bounce again but good running. This one hits a crack and cuts back in a long way from outside off. Temba leaves this trusting it to move aw

ay. So close.', 'short of length and moving away from outside off, Temba shoulders arms', 'shapes away from driving length outside off, left alone', 'wicket for India at last! Petersen chops on. This is a harmless length ball on off-stump, Petersen looks to open the bat face and dab it into the off side, but plays a tad outside the line and ends up getting a thick inside edge onto the stumps. Up on his toes as he forces this through point, down towards deep point', 'edged and four! This is a thick edge that races away through third slip. Pushed at this outside off but it went all along the ground.', 'full on off from wide of the crease, defended back', 'length ball in the channel, left alone', "straighter and angling into him, he's shuffling across so Umesh probably thinks it's an lbw opportunity, but RvD has quick hands, gets bat down in time to nudge to midwicket", 'length ball jags into him sharply, defeats his attempted flick. A rare bad ball from Bumrah, and wonderful from Peterson to caress that through cover for a peachy four. Bumrah has been at him, but Peterson's not had his decision-making scrambled, can still make it count when he has a scoring opportunity", 'fuller on the stumps, defended into the legside', 'and beats the outside edge again. Ashwin runs after it and slides to stop it', 'full on off, defended solidly on the front foot', 'full ball, defended', "huge appeal for lbw. Not given. Umesh wants a review. But they don't take one. Swung in a touch to land on middle and then straightened, hit him on the thigh pad. Height could have been an issue there. But close call. Replays confirm it would have bounced over by a few inches.", 'full and shaping away outside off, goes to drive, thick inside edge runs through midwicket', 'back of a length outside off, left alone', 'too full on the pads, and flicked through square leg. Salt on the wounds for Bumrah.', 'dropped by Pujara at first slip. Straightforward chance. Went in and out. Bumrah wears a frown, then walks back to his mark. Pujara flat on his back for a bit in disbelief. The stern examination Bumrah had subjected Petersen to seemed to have paid off, without straightening around off enough to find the edge. Went straight to Pujara at chest height. Shelled.', 'wider outside off this time and moving away, lets it go', 'and slips in the yorker on off stump, wonderful show of skill from Bumrah, equally so from Petersen, who brings bat down in time to squeeze it out towards midwicket', 'hits that hard length on off again, gets the ball to straighten a touch again too, Petersen well behind it to defend', 'back of a length in the channel, keeps it moving away, left alone', "probing line, kissing off stump, but it's moving away so RvD confident enough to let it pass", 'better line and length, shaping a way in the channel, left alone', "short and wide outside off again, this time he leaves a punch through point. There's a man back on the boundary to clean up", 'give

Short and wide outside off, slapped through cover authoritatively', 'length ball in the channel, left alone', 'too straight that time, and flicked off his pads to fine leg', 'and hits that probing length on off stump again, jams his bat down to defend down the pitch. Proper examination this.', "past the outside edge. Bumrah's making the ball do all sorts of things. Hard length in the channel and straightens, his bat's left hanging as the ball whistles past", 'sharp movement inwards from back of a length outside off, punched to point from close to his body', 'back of a length and on a sixth stump line, left alone', "back of a length outside off, he's reaching forward to defend, perhaps should have kept bat closer to body. There was a sound but that was of the bat hitting the turf. India have reviewed anyway. Plenty of chatter from the Indians. No bat involved, the third umpire says, as he looks at snicko. Not out it is. Indians thought there was a bit of nick as the ball hit the turf. Third umpire didn't have conclusive evidence to overturn that. Right decision in the end.", 'full but way outside off, left alone.', 'curves back in from outside off, left alone', 'angled into the pads, worked to midwicket', 'dug in short on middle, KP ducks under this without a hassle', 'angles a length ball into middle, defended back', 'slices the drive one bounce to point. Went with hard hands', 'rises with the bounce as he turns this gently to square leg.', 'shapes away from off, pushed to mid-off as they scamper a quick single', "this is wayward - way down leg as it nips back in from wide of the crease, good take by Pant. Batter didn't have to do much to let that alone", 'short of length and moving away a wee bit upon landing, left alone', 'full outside off, hint of movement away again, left alone this time', 'width and put away! Rassie leans into the drive as he nails an uppish extra cover drive out of the top drawer. He intended to hit it up and over and did so very, very well. That will make him feel so much better. That he held the pose for the cameras should tell you it did.', 'dug in short but it's bowled way over the batter's head as he ducks under it, Pant does really well to leap high to pull off a one-handed grab', 'lifter as it angles into middle and leg, off the thigh pad towards fine leg as he tried to nudge it fine.', 'beats the edge! Terrific from Bumrah. Rassie feels for the ball outside off as it angles in and holds its line, misses the edge by a whisker.', 'goes full on off from wide of the crease, Rassie right behind the line as he defends back', 'full and moving away from outside off, Rassie lets it go', 'slants this way down leg, Rassie doesn't have much to do with it, through to Pant', "has that been dropped? SA's target inches towards double figures", 'goes full on middle in search of late swing, Petersen covers the line and swing as he works it to mid-on for a quick single', 'this is a tad off target - full and swinging away from way outside off - left alone. Hardly any carry to the keeper.', 'bends back in a long, long way, Yorker-length on middle, Rassie manages to jam his bat down in time to keep that out. Top stuff. This is intense from India.', "plays it with soft hands towards point as he gets off strike. He won't mind that for the moment. Has looked a tad loose this morning.", 'is it nerves or is it misjudgment of line and length? Either way, Petersen will have to tighten up. Lured into an airy drive way outside off, beaten. Need not play at that', "off the edge again but in the gap! Between gully and backward point this time as Rassie squirts this full delivery with an opened bat face. Crucial runs, they'll take them, may not seem convincing but it doesn't matter. Runs are runs. 50% of the target wiped out", 'short of length outside off and jagging back in, Rassie lets this pass', 'struck on the pad as this comes back in a long way from outside off, Rassie was looking to work it through midwicket. May have been hit a tad high, was definitely going down leg.', "this one's a length ball that nips back in a wee bit, Petersen misjudges this one as he expects it to nip away. Lucky that it didn't clatter into the stumps What a cracker-jack of a first over from Shami.", 'goes wide of the crease to land a fullish del

ivery on off, nips away off the seam and keeps a tad low but Petersen shows the full face of the bat in defending that', 'sliced through the gully region, it was in the air but safe because there was no one there. Mayank with the chase and by the time he hurl's it back, Petersen completes the second to bring up his third Test fifty', 'goes full on the stumps, stays right behind the line as he defends back', 'this is even better! Magnificent from Shami. Curves away from off to completely have Petersen off guard as he attempts to play at that. The curve away whizzed the ball past the edge. Magical stuff.', 'sucked into a drive, nearly nicks it! Lovely shape away from off-stump, KP goes fishing, lucky to not nick that', 'comes back in a long way this time to hit him near the box! Rassie let this go expecting it to move away but this one jagged back.', "excellent shape away, Rassie's invited to have a drive at that if he wants, he thinks about it for a split-second before letting it go.", "full ball going down leg, he's looked to flick it. Pant catches it diving to his right and the Indians think there's a nick. Not given. Kohli opts to review again. There's a spike as the ball passes bat and Elgar will have to go! Kohli is pumped and animated and vocal. India thought they had Elgar earlier, they get him soon after. Huge wicket.", 'length ball nipping back into him, beats the inside edge and strikes him in the midriff. Painful blow.', 'length ball in the channel, defended', 'full ball coming in, strikes him on the boot as he misses the flick. Going down.', 'full ball outside off, left alone', 'lovely cover drive to a full ball, the fielder in the circle gets a hand on it so it slows the ball down', "that took off from a length. Bounced up going down leg, he's almost fended that down from his ribs. It flies well clear of Pant and into the boundary. Pant was diving to his left but was still a foot away from the ball", 'length on off, defended to cover', 'good length outside off and nipping away, lets it go', 'back of a length, well clear of off stump, leaves it', "beautiful set up. After all those going away he brings this one back in and raps him on the pads. Loud appeal, but not given. They don't go for the review this time. Struck him a bit high.", "keeps it in the channel but it's all moving away, so Elgar not playing at those", 'moves away again, but was pitched outside off and going away, left alone', 'length ball on off, defended', 'back of a length in the channel, angled in and straightens, left alone', 'length ball in the channel, left alone', 'gets this to dip and turn from around the wicket, Petersen is solid in defence', 'turns this gently to KL Rahul at short midwicket', 'makes a bit of room and pushes it wide of cover point, Pujara labours behind the ball and they come back for the second', 'poor ball and hammered! Petersen uses the depth of the crease as he rocks back and smashes that to the point boundary', "reverse swept past short third! Petersen played that superbly once in the first innings, repeats it now. Rolls his wrists nicely over the ball and executes the shot even if there may be an element of risk because he's hitting it against the turn", 'goes right back into the crease as he defends', 'short of length delivery outside off, Elgar lets it pass again', 'hops right back and defends this short of length delivery with soft hands', 'hits the hard lengths and gets it to lift off the deck outside off, Elgar shoulders arms', 'guided into the point region, Shami comes charging in to prevent the second run', "length ball wide outside off, it's moving away further, left alone", 'slants in from wide of the crease, Elgar is caught on the hop, the ball deflects wide of slips off the back pad', 'steps out and drives, not entirely in control but he manages to squirt this through the point region for a couple', 'fired full on middle, jabbed back.', 'drifting in to middle and leg, he tucks this around the corner towards square leg as they scamper a run.', 'shortens his length a touch, Elgar is right back inside the crease as he defends.', 'nice flight, lands it on off, defended.', 'tossed up, Elgar lunges forward and drives it nicely to sweeper cover', 'stands tall and punches this on the up through extra cover, Good effort by Rahane but the timing took it all the way. Beautifully done', 'attacks the stumps as he angles in a full delivery, Petersen plays a lovely little straight drive that bisects mid-on and mid-off, Shardul with a dive in the end to pull the ball back in. The shot also raises the 50 of the partnership', 'gets right on top of the bounce as he defends', 'lifter off a length outside off, KP misses it, Ooooh! Close, close to the gloves', 'squirts this off the inner part of the bat to square leg', 'gets well forward and smothers this quite nicely', 'gets well forward and outside the line of off as he defends', 'sharp turn away but from outside off, left alone', 'drifts in a full delivery on the stumps, kept out', 'tossed up outside off, Elgar lunges forward and lets this pass', "loops it up nicely, gets this to dip on Elgar too, but the turn means he doesn't have to play at that", 'this one bounces extra off a length and hits him on th

Bullets to the boundary", 'gets well forward and pushes this into the off side, wide of cover, for a quick single', 'short of length delivery and angling away, left alone', 'helps this pull along and it races away to the boundary at deep backward square leg. Lovely roll of the wrists as he got on top of the bounce', 'full and angling into middle and leg, flicked to long leg', 'nicely tossed up, the ball breaks away a bit but Elgar is well forward in defence', 'fired into the stumps, defended with soft hands', 'that is a massive, massive strike! Or is it? Elgar has been given out lbw but he has reviewed. The ball drifts in from around the stumps and strikes Elgar in front of middle and well below the knee roll. No bat, so we have to wait for ball tracking. And guess what? Ball tracking confirms this would've gone over the stumps. "That's impossible!", quips umpire Erasmus as heard on the stump mic. Tempers fraying. India are absolutely disgusted with what they've seen on the giant screen. They think they've been hard done by here. Holy, moly! Not out? That will be a bitter pill to swallow for India. They can be annoyed, disgusted even but can't let tempers fray. Elgar played down the wrong line, he thought he was plumb and started to walk when he finally reviewed. He must be a tad surprised too, but it's the kind of luck he'll gladly accept. Phew, what a moment late in the day!', 'works this with the spin to long-on', 'steps out and then lunges forward a bit more as he turns this into the leg side', 'drifts in a length delivery from around the wicket, Elgar pats it gently into the off side for a quick single', 'right forward as he defends back again.', 'in the slot to drive but Shardul gets this to curve away from outside off, left alone', 'goes full on the stumps, Petersen pushes this firmly down the pitch', 'tries to get on top of the bounce to defend but is rapped on the glove by this lifter', "that is an absolute Jaffa! Remember Sreesanth to Kallis? This could've so easily been that. Leaps off a length as Petersen is surprised by the bounce but is beaten", 'short of length delivery around fourth stump, Petersen gets an inside edge onto the thigh pad as he pushes away from the body', 'reaches out to drive this tossed up delivery straight to Kohli at short cover', 'fired into middle and leg, worked with the angle to midwicket', 'sharp turn from a length on off, Elgar is beaten fair and square', 'drives between cover and mid-off for a quick single', 'tossed up but drifting away, pushed into the covers', 'tossed up from around the wicket, he gets well forward and turns this into the leg side', "gets the edge but it drops short of Pujara! Back of a length outside off, he goes on tip toes and seems to gently punch the ball, but it's timed superbly and placed in the gap at cover too. Fielder from inside the circle has to run after it and pull it in before the boundary", 'length ball on off, squirted to backward square leg for a quick single', 'full outside off but that is very well played by Elgar, jammed his bat down and opened the bat face, runs it between slip and gully', 'back of a length on off, defended to cover', 'length ball on the stumps, defended to midwicket', 'full on the stumps, tapped softly in the offside and quick single taken', 'fuller, swinging late, looks to drive from the stumps, gets an edge that bounces to gully', 'past the outside edge again. Moving away from leg stump, he has a bit of a poke at it, and is opened up, but the ball goes past the edge', 'length ball on the stumps, defended towards mid-off on the front foot', 'lovely shot. Overpitched outside off, comes on the front foot and unfurls a textbook on-drive that purrs all the way to the boundary', 'a bit too straight that time and Elgar neatly clips it through midwicket', 'nudged into the legside', 'bounced just short of Pujara at first slip. Super ball, angled in on off stump and forces him to play at it, moves enough to take the edge. Pujara is just a bit too deep to get that, died on him.', 'back of a length, trampolines off almost, moving away again, left well alone', 'length ball on a fifth stump line and moving away, left alone', 'past the outside edge again. Ball pitched on a length and jagged away', 'attacking the stumps, gets right behind the line of this length ball and defends with a straight bat', 'full ball on a sixth stump line, Petersen also plays it, but defends it down', 'and this edge goes to hand. Great response by the bowler, back of a length on off and darting away sharply, opens Makram up as he can't stop his hands from following it, goes just past the shoulder of the bat", 'gorgeous.
